Preliminary Amendments Application No.

Attorney's Docket No. <u>1004900-000276</u> Page 17

REMARKS

The foregoing amendment to the specification adds a cross-reference to the

international PCT application and to the priority application. The foregoing

amendment to the claims is intended to replace European style claim language with

language better suited to U.S. practice and to delete multiple dependencies. The

new claims have basis at least in the original claims. Thus, new Claims 60-118 have

bases in original Claims 1-59, respectively.

It is clear from the foregoing that none of the amendments introduces new

matter into the application.

Entry of this amendment prior to calculation of the claims fees and prior to

examination on the merits is respectfully requested.

Respectfully submitted,

BUCHANAN INGERSOLL PC
